Qianlong Nie

M.S. Student · Shanghai Normal University · College of Information, Mechanical and Electrical Engineering
jizhe.bob@gmail.com · github.com/jizhe-nie · jizhe-nie.github.io

Education

Shanghai Normal University 2025 — present
M.S. in Computer Science and Technology (expected Jun. 2028)

Shanghai Normal University 2018 — 2024
B.S. in Computer Science and Technology; Shanghai Outstanding Graduate

Research Interests

Biomedical Engineering · Computer Vision · Deep Learning · AI + Education

Experience

Graduate Teaching Service · Team leader; teacher of mathematics, information technology, science and national defense education; deputy class teacher Sep. 2024 — Sep. 2025
Shanghai Normal University 26th Graduate Teaching Corps, Guangxi · Toutang Town Central Primary School, Tianyang, Baise, Guangxi

- Founded a programming club and led students to first prize in a provincial programming competition
- First prize, Guangxi Primary and Secondary School Digital Application Innovation Competition
- Named "Outstanding Volunteer" of the National College Student Volunteer Program for Western China

Military Service · Soldier and news reporter Sep. 2019 — Sep. 2021
People's Armed Police Force

- Awarded "Excellent Soldier" and a commendation
- My squad took first place in a detachment-level mountain assault exercise
- Published more than 50 corps- and detachment-level news reports on the military intranet

Projects

A Method for Customizing Rice Seed Germination Standards (Patent) Dec. 2023 — Sep. 2024
Advisor's project; I independently completed one module · Python, Linux, YOLO, SAM

- Used YOLO and SAM to locate and finely segment seeds
- Located germinated sprout tips by RGB threshold segmentation
- Batch-processed images and exported sprout-tip areas to assess seed germination vigor

Dive into Deep Learning Study Notes Ongoing
Environment setup and learning log · PyTorch, Jupyter, Cloudflare Tunnel

- Set up the learning environment on a Mac and on a lab GPU server
- Reach the intranet GPU remotely through Cloudflare Tunnel and SSH

Honors & Awards

Outstanding Volunteer, National College Student Volunteer Program for Western China Sep. 2025
Shanghai Outstanding Graduate May 2024
Shanghai Youth May Fourth Medal (Collective), AI STEM Education Research Center Youth Team Apr. 2023

Skills

Programming: Python, C, Scratch
Platforms: Windows, Linux
Focus: Computer vision
Languages: English: proficient (CET-6)
Certificates: Senior high school IT teacher qualification; NCRE Level 2 (Python); Shanghai Computer Level 2 (C)
